

Hello,

I hope this mail meets you well. I duly apologize if am interfering on your privacy if this request is not acceptable to you. But before I go further I will like to introduce myself to. I am **Ms. Francine-Ann (Fran) du Plessis**, I have an investment/business proposal that I want to initiate with you, and I know that you can handle it with a serious mind, as it requires utmost urgency and attention.

As a matter of fact I will like to draw your attention to this beneficial matter, I am contacting you in a benevolent spirit; utmost confidence and trust for unclaimed funds of a deceased client, who had an account with a Prime Financial Firm in South East Asia. Having waited for too long without the deceased relatives/next of kin surfacing and if nothing is done, invariably, the funds will end up in the Government purse and it is as a result of this that I am propelled to contact you to present you as the next of kin to claim the funds and transfer to your account before the period given by the Firm elapse.

On July 7, 2005, series of coordinated terrorist bomb blasts hit the London Subways, resulting in the loss of more than 52 people and unfortunately my client were among the people that died on that fateful day while he was in United Kingdom on a business trip, of particular interest is his deposit with the Prime Financial Firm in South East Asia, where the deceased has an account valued at about (\$24 Million United States Dollars).

All I require is your honest cooperation to enable us see this deal through. I guarantee that this will be executed under all legitimate arrangement that will protect you from any breach of the law. Write back to me with your full names, address, date of birth, occupation, home and mobile telephone numbers. If you can handle this with me, reach me now for more details. I can be easily reached through this email id **info@metaqua-gr.com**

Thanking you for your anticipated cooperation,
